

Activity - H

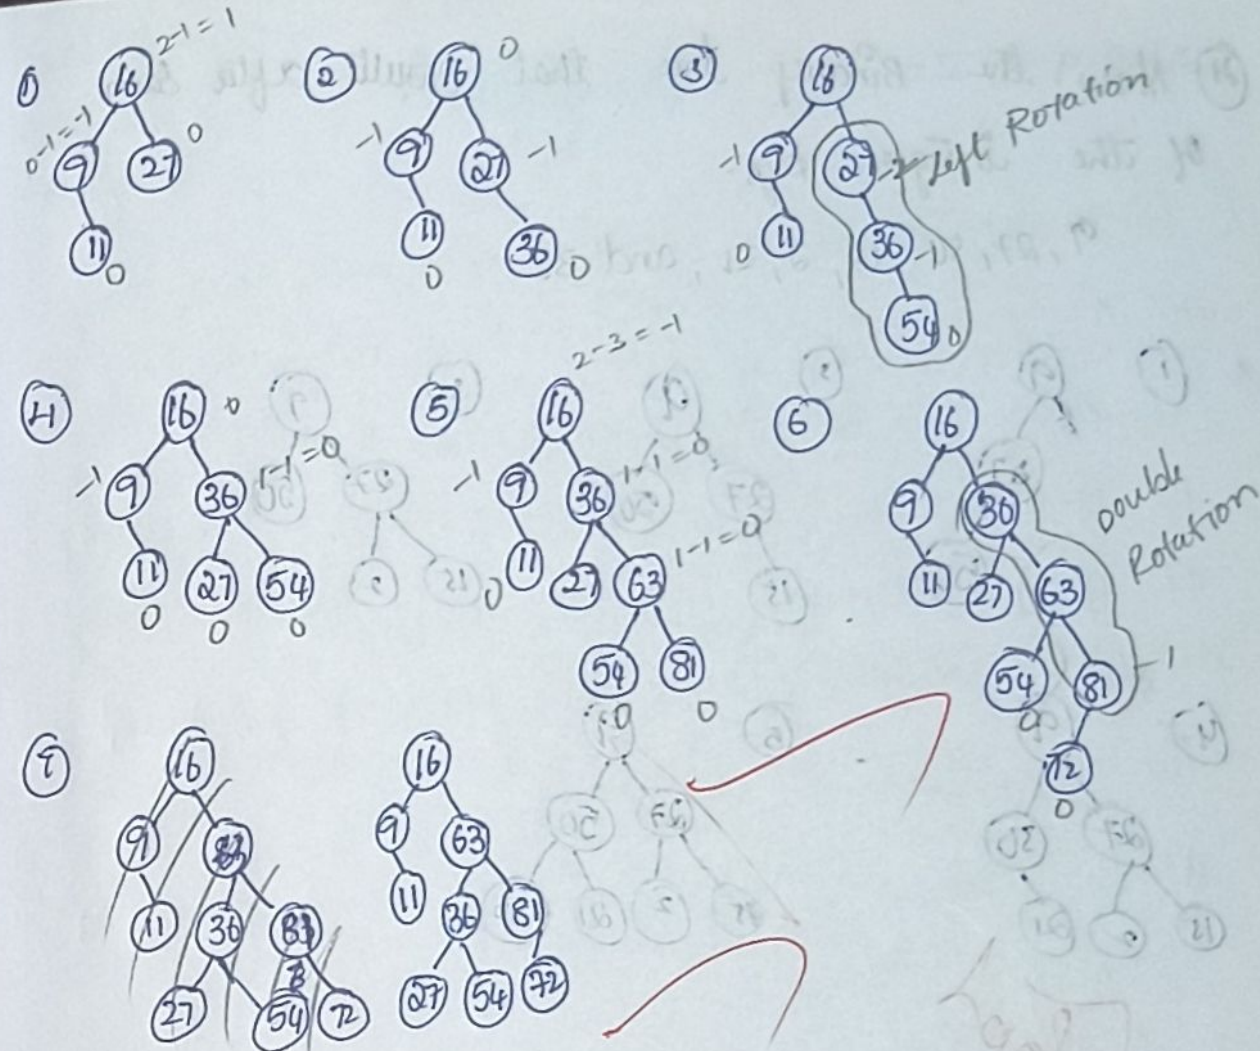

Name :- P. Rohini

Reg No :- 192524147

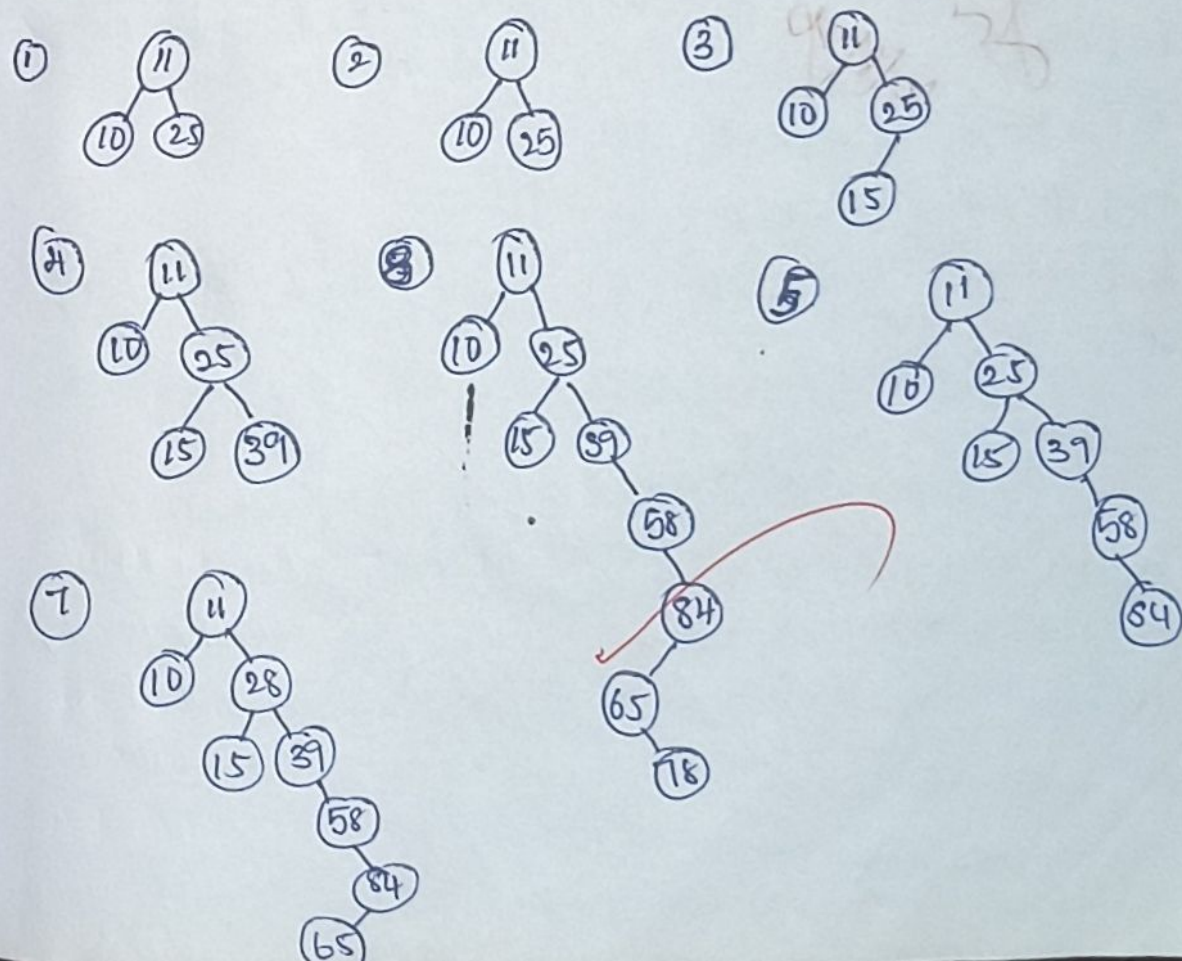

- ① Construct an AVL tree for the following data
70, 50, 30, 90, 80, 130, 120 and apply the delete operation
to 120 and 30.

- ② Create an AVL tree using the following sequence of data
16, 27, 9, 11, 36, 54, 81, 63, 72

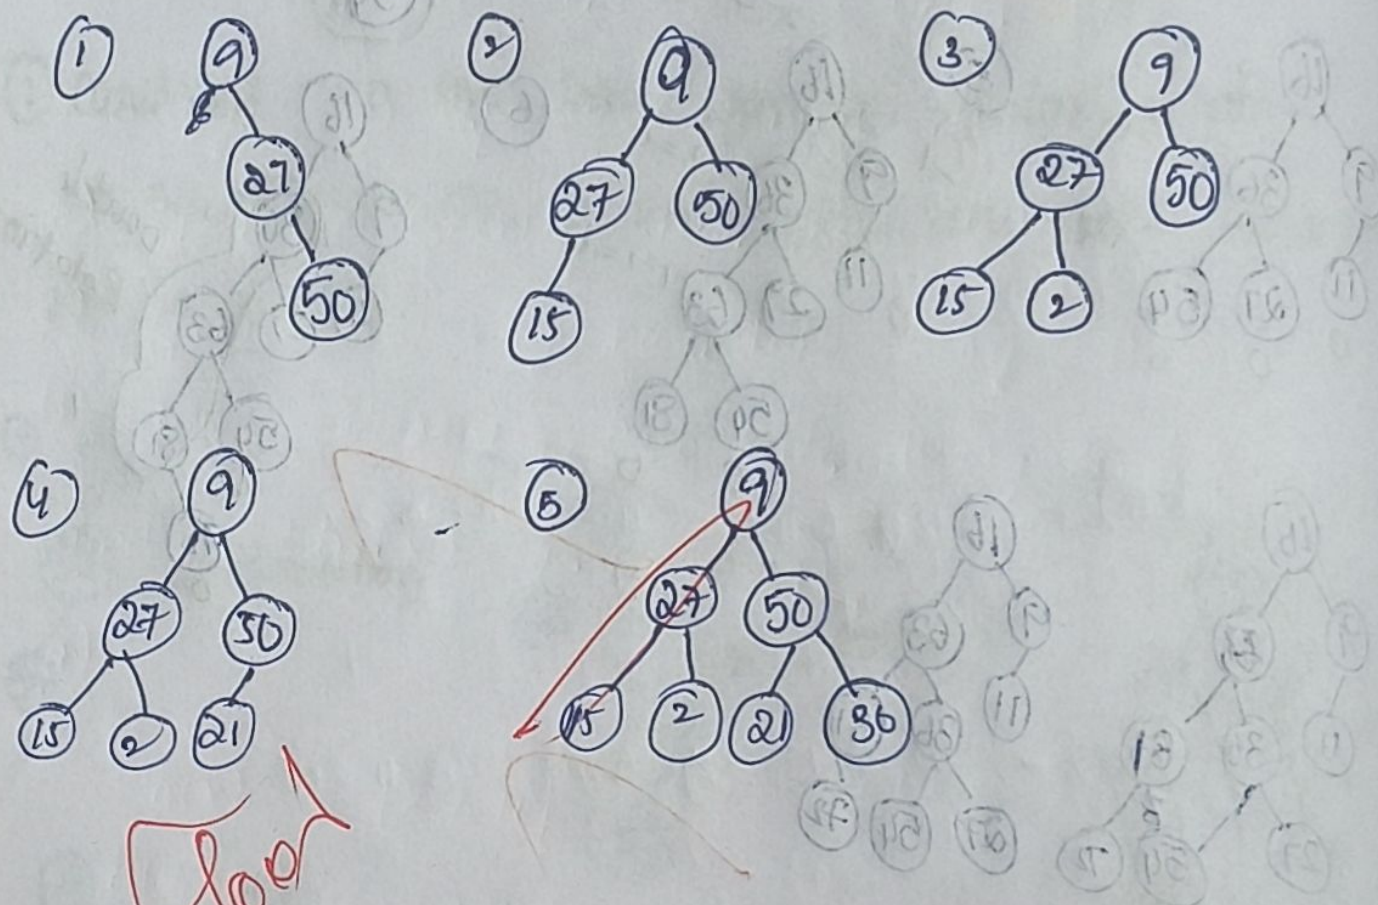

- ③ Create a Binary Search Tree using the following
Sequence of data. 11, 25, 10, 15, 39, 58, 84, 65, 78.

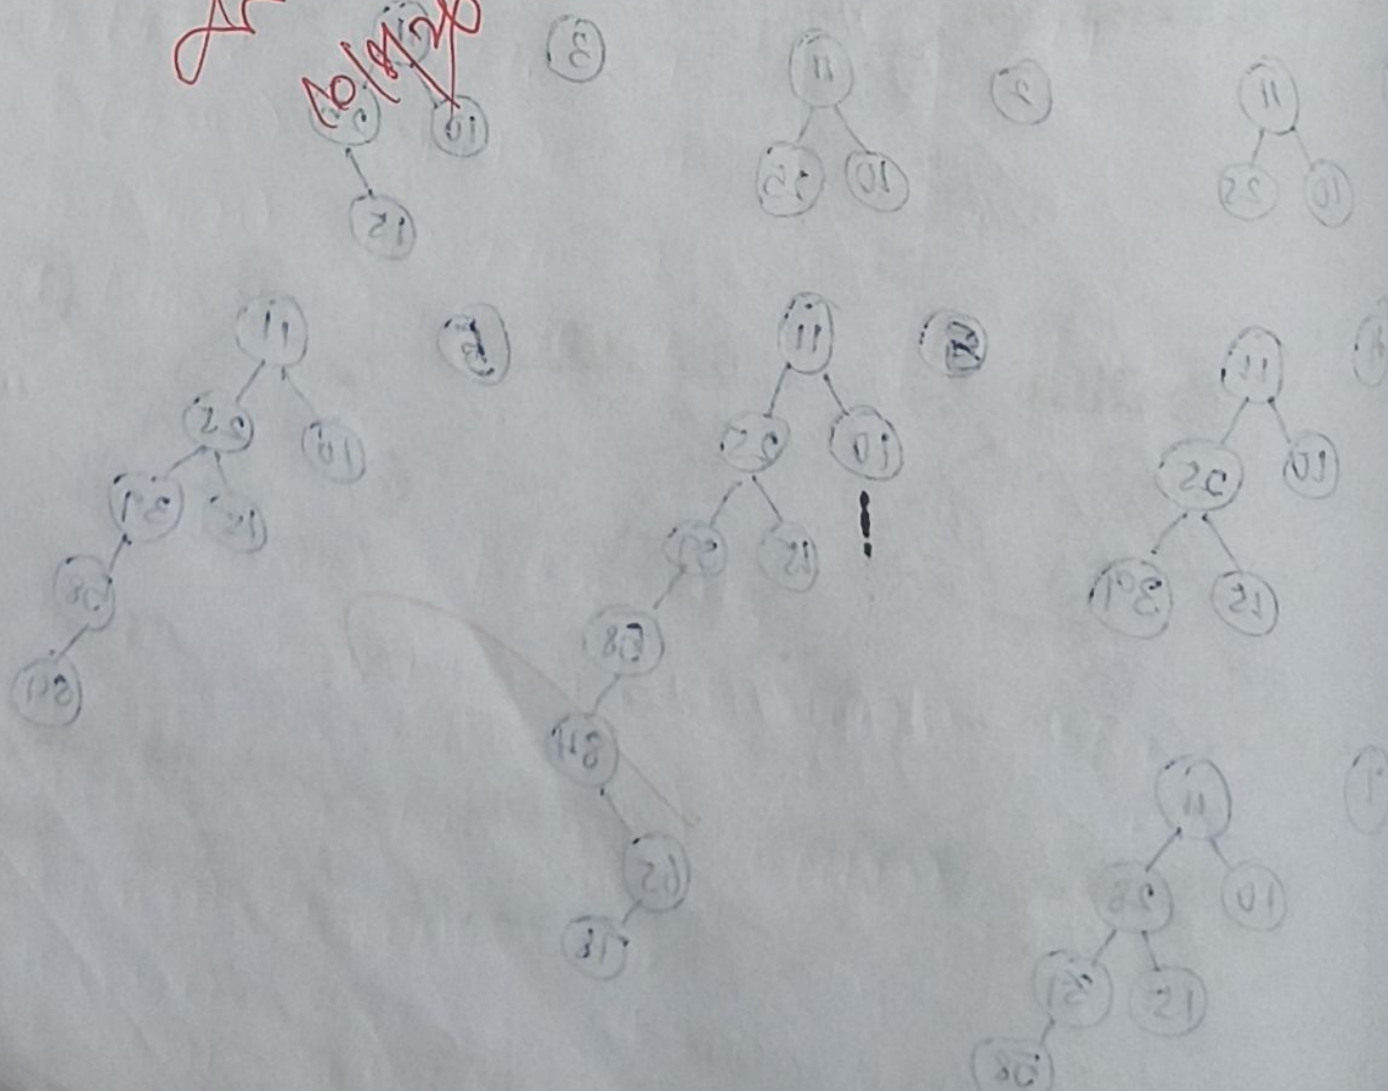

(H) Show the Binary tree that results after each of the integer keys.

9, 27, 50, 15, 2, 21, and 36

Insert a Binary Search Tree using the following sequence of data: 11, 20, 10, 12, 31, 28, 11, 2, 18.
